## Terms and Conditions for Media Coverage

**Attention All Media Outlets:** Please read these terms and conditions for media coverage on campus carefully before entering the Honeoye Falls-Lima Central School District campuses for media coverage.

Though the Honeoye Falls-Lima Central School District is a public entity, the District, like a private property owner, can legally preserve the property under its control for the use to which it is dedicated. The fact that property is owned by the government does not mean that the property is automatically open to the public. **With that said, under no circumstances may a news media outlet enter school premises without prior consent from the District Office.**

In the event that media outlets are invited onto the Honeoye Falls-Lima Central School District campus, media outlets must sign in at the District Office, and will then be escorted by the District's Public Relations Specialist or by a District Administrator to the proper destination for their inquiry.

Under no circumstances are media outlets allowed to roam the campus without being accompanied by District administration. Under no circumstances are media outlets allowed to interview any student under the age of 18 on school grounds without district and parental consent.
